RealtyXT: Featured Homes Section and Search Homes Section

Featured homes is available at no extra cost on the RealtyXT. There is no limit to the number of listings you can showcase. Showcase your own personal listings via our Property Archive service. You will be able to have your listings online by entering and managing your own listings using our ONLINE EDITOR, or by emailing support.

This is an exciting opportunity for Agents to provide "gated" access to the entire uSPASH, Inc. client's property inventory with you as the host agent. This unique service enables the home buyer to visit the database of homes, search, and contact YOU for more information. (NOT THE LISTING AGENT) Any information the consumer requests will always be sent to the agent and the shopper will never deal with the listing agent. Every step is designed to enable the agent to capture business more efficiently with qualified leads being delivered automatically.

By signing up, you, as a representative of your broker, give uSPASH, INC. and any other agent subscribing to this service, permission to showcase/advertise your listings via this service. (This service has controlled access. Only members are able to use it.) The listing broker's name will always be shown for each listing, complying with REALTOR® Association rules.
